

## In Memoriam

Each year we extoll the virtues of the founder of World Amateur Golfers Championship and once again it is no different. The record books speak for themselves as to his incredible achievements in the sporting world, and more importantly, for amateur golf on a global scale.

Sven Tumba's dream to unite the world through sport continues to be honored 22 years later as the championship takes place in Durban, KwaZulu-Natal, South Africa. Sven's generous spirit to give of his talents and time to enrich the lives of those around him lives on in his absence and will no doubt be a great conversation piece between him and his great friend Arnold Palmer as they walk the eternal 18 together.

Sven spent his time on this earth doing good for mankind and sport in general, way beyond his endeavours in golf. As a highly honoured three-sports star in Sweden, he played a pivotal role as an ambassador for ice hockey and football in his early sporting career. In 1999 Sven was awarded the "Best Swedish Ice-hockey Player Of All Times" and was inducted into the IIHF Hall of Fame in 1997. Today he still holds the Swedish scoring record of 186 goals (in 245 games) for the Swedish national team. In the mid-50's Sven also represented the Swedish national football team and was a Swedish champion in water skiing. His passion for golf developed in his later years after retiring from a successful career in ice hockey and football. In the early 1960's he took his first swing on Sweden's oldest golf course on Lidingo Island outside Stockholm and from that moment he was hooked.

Sven became a world-class golfer, a golf course designer and a worldwide ambassador of the sport. His passion pioneered the path for golf in Sweden, the former Soviet Union and gave rise to tournaments such as the Colgate Cup, the largest golf tournament for children. In 1970 he became the Founder and President of the European Open in the European Tour, a position that he held for 15 years. He also founded the Scandinavian Enterprise Open, now the Nordea Masters. On the 100th anniversary of the Swedish Golf Federation in 2004, Sven was named the most influential person in the history of golf in that country.

As a man of great vision, Sven was driven to promote golf on a global scale. It was his dream to give amateur golfers the opportunity to experience the same thrill of representing their country as a professional golfer in an international tournament. This dream was realised in 1995 when he founded the World Golfers Championship. As is custom, every year since his passing the Sven Tumba Spirit Trophy is awarded to one team in memory of his endearing, loving and kind spirit that he brought to the world of golf.

Touched by the spirit of children in need, Sven believed that he could use sport as a catalyst to capture their interest in promoting literacy, teamwork and a respect for each other, which gave rise to the Sven Tumba Education Fund.

Sven left the world with a legacy that lives on in the hearts of those touched by his zest for life. The friendships and business relationships that have been formed through his great vision to unite people through sport, regardless of language or cultural barriers, are testament to a legacy that is alive and prospering.

It remains our privilege and honour as golfers, to keep Sven's spirit alive through the World Amateur Golfers Championship.

## TRIBUTE TO ARNOLD PALMER

In paying tribute to the most revered champion of all time World Amateur Golfers championship wishes to express the love and gratitude we have enjoyed simply knowing that Arnold took the time to be interested in our championship, always available to chat and advise, and never remiss about writing a personal message of good luck for our event brochure each year. He truly gave of his heart and soul to the game of golf and it gives us great pleasure to remember him as our Patron. In attempting to humbly acknowledge his contribution to the game of golf we have taken the liberty of quoting tributes from some key personalities in the world.

Arnold Palmer was a showman, a pitchman, a gentleman and a champion golfer. Indeed, Arnold Palmer was many things to many people, but perhaps more than anything, he was an everyman who would become the most beloved player the game has ever known.

Arnold transcended the game of golf. He was more than a golfer or even great golfer. He was an icon. He was a legend. Arnold was someone who was a pioneer in his sport. He took the game from one level to a higher level, virtually by himself. Along the way, he had millions of adoring fans—Barbara and I among them. We were great competitors, who loved competing against each other, but we were always great friends along the way. Arnold always had my back, and I had his. We were always there for each other. That never changed. He was the king of our sport and always will be  
- Jack Nicklaus

"With his homemade swing and homespun charm, Arnold Palmer had swagger before we had a name for it. From a humble start working at the local club in his beloved Latrobe, Pennsylvania, to superstardom as the face of golf around the globe, Arnold was the American Dream come to life. Along the way he racked up win after win – but it wasn't his success that made him King. Arnold's freewheeling, fearless approach to the game inspired a generation of golfers and, for the first time on TV, enthralled an audience across the world. Sure, we liked that he won seven majors, but we loved that he went for it when he probably should have laid up.

That spirit extended beyond the links where he gave freely of himself and poured everything he had into everything he did: from building hospitals to personally responding to countless letters from his fans. And he did it all with a grin that hinted maybe he had one more shot up his sleeve."

"For anyone who has ever loved golf, I'm not sure who needed the other the most," he added regarding Palmer's reverence for the sport. "So let's just call it a love affair to last a lifetime. The game gave so much to Arnold, but he gave back so much more. Arnold came along when golf needed him most ... " Barack Obama USA President

Farewell Arnie. Every swing, every chip and every putt that is made from now on during World Amateur Golfers Championship will be through your spirit and in your memory, forever.

Despite the many challenges faced in a dwindling global economy, the passion for golf and the spirit of Sven Tumba has managed to keep World Amateur Golfers Championship alive for 22 years, as well as grow it annually. It has not been an easy road but the dedication and perseverance of everyone involved has managed to overcome what appeared to be insurmountable hurdles to stage what has once again been a professionally managed and run world final. The championship has learned, adapted and changed with an ever-evolving world market, but more importantly, after 22 years, it now has traction and a fantastic reputation as the world's most prestigious and largest amateur championship, and certainly the only one of its kind globally.

Now that we have come this far, in our passion into keeping Sven Tumba's dream alive, it is time to forge an even closer working relationship between all country partners, WGC Ltd, the organisers, and our thousands of amateur golfers who have and continue to participate worldwide.

The golfers, who have proudly represented their countries on our journey, have etched their names forever in the legacy of the championship and we strive to grow this list in years to come. In our 22 years history we have played on over 60 championship courses across the globe, fielded over 4000 golfers, served over 84000 meals, hosted 44 gala functions, played over 430 000 golf shots, and travelled hundreds of thousands of miles exploring beautiful landscapes and environments in the pursuit of golf. This is a fantastic achievement and the fulfillment of Sven's dream. I am proud to have been part of this wonderful 22-year journey of golf.

Sven's motto "Sport Promotes Friendship and Business" has been proudly embraced both on and off the course through our global networking program.

Each year we welcome new golfers and enjoy the camaraderie of returning stalwarts who continue to support the championship in the Invitational. We are privileged to have celebrities participate some years as well as the patronage and support of the greatest professional golfers in the game. In particular we are thrilled to have the continued support HRH Princess Birgitta of Sweden, who still plays in the championship as one of her favourites.

WGC and World Golf Events South Africa, have worked very closely to ensure the continuance and growth of the event and in this regard I would like to thank the South African hosts and all their stakeholders, partners and sponsors for keeping the dream alive.

Congratulations to our winners and a big 'Thank You' to all our teams and golfers for making another year a huge success. The true victory of this championship has been your team spirit and camaraderie, which has embraced Sven's vision and kept his spirit alive – and for this we thank you from the bottom of our hearts!

When you return home, share your experiences and happy memories and continue to be ambassadors in growing our global World Amateur Golfers Championship family. Until next year...

**Honorary Chairman of the Advisory Board**

Greetings Fellow Golfers,

It is always my pleasure to congratulate each and every amateur golfer on being an ambassador for your country at the prestigious World Amateur Golfers Champion finals. The game grows every year when golfers from across the globe congregate to compete in true sporting spirit for the ultimate prize of champion. To play in a World Final where the conditions emulate those facing a professional in any major, is an exciting platform to challenge your golfing skills as you put yourself to the test against your fellow golfers.

However, the legacy that has built this tournament into the world's largest and most prestigious amateur event does not rest only in winning the title and trophy. It is the friendships and wonderful golfing memories both on and off the course you take home, which makes everyone a real winner. Once again you have the opportunity to experience some of Kwazulu-Natal's beauty and I trust that your stay in the City of Durban, South Africa has been memorable and that each of the world-class host courses played have added an exciting memory to your golfing legacy.

**Keep golfing!**

**All the best,**

## World Golf Events South Africa

### Event Organiser

#### World Golf Events South Africa Management Team:

Arthur Mzimela – Director of Golf & SA Golf Captain  
Beverley Theron – Project & Event Management Director  
Toy Mzimela – Business Development Director  
Craig Clay-Smith – Communications Director

World Golf Events South Africa (WGESA) was formed in 2009 as a partnership between Toy and Arthur Mzimela, Craig Clay-Smith, Beverley Theron and Neil Pinto of The Flagship Group. They have established themselves as the leading organisers of major world golfing events. They have organized, managed, marketed and staged nine world championships including ICC Champions Trophy cricket and three World Club ProAm Championships in partnership with the PGA of South Africa, with the fourth to follow in 2017.

The company secured the bid for the rights to host the World Amateur Golfers Championship in South Africa in 2010. Together with the event management team from The Flagship Group, WGESA has hosted the World Final for six consecutive years - 2011 to 2016 in KwaZulu-Natal South Africa and the 2015 event in Belek Antalya Turkey.

WGESA is fully supported by the different divisions of The Flagship Group, managing all event logistics and operations, marketing, publicity, advertising and through-the-line communication. This unique partnership is structured with the utmost mobility, geared to quickly and efficiently develop and implement major golf events, both locally or anywhere in the world. Due to their absolute professionalism and delivery of world-class events, the team has been contracted by World Amateur Golfers Championship to manage the future marketing and event management of the brand as it travels around the globe and across every continent.

The strength lies in what they term the 3M's – their ability to Mobilize, Move and Motivate golfers of many different nationalities, all speaking different languages and presenting varied cultures. This is the key to success and why they have been able to deliver events of this calibre. The world can look forward to many more successful championship events from this team in the future.

### Event Organiser

It is an honour and privilege to once again be hosting the World Amateur Golfers Championship in the beautiful province of KwaZulu-Natal. We trust that you have enjoyed the experience as much as we enjoyed hosting you.

We are especially thrilled at how many golfers took advantage of the warm KZN hospitality and really engaged with all the cultural activity we planned. We are sure that the memories will be treasured for a very long time.

This year we added three new courses to the world famous Top 100 Durban Country Club. Beachwood Country Club must have taught you a trick or two on how to play the run of the land. Kloof Country Club is a real country experience and we know that on days the mist played havoc with the direction of play. Lastly we are especially pleased that you got to visit Victoria Country Club in our province's capital city Pietermaritzburg and hope to have you back soon to discover the rich heritage and our freedom legacy.

As the event organiser, it is our mission to always position World Amateur Golfers Championship as the most sought after amateur event in the world, and to achieve this we are constantly looking at ways to elevate the status and cement our reputation as the most prestigious amateur championship in the world.

A big thank you goes to all our strategic partners for your unwavering support and assistance in the staging of another hugely successful World Final. A special thank you to Tsogo Sun Hotels, SMG BMW for your last minute commitment and of course to Tourism KwaZulu-Natal who supported us for so many years.

Once again it has been a great pleasure working with each and every one in the planning and delivery of the 22nd championship.

To the teams who have joined us on this year's journey – we trust that we have provided you with a golf experience that has left you waiting in anticipation for next year.

## Dale Hayes

I first met Sven Tumba in 1972 at the Scandinavian Enterprise Open which he promoted. Sven managed to get all the best golfers in the world to play in Sweden, which started the golfing boom in that country.

Sven was full of wonderful ideas to promote the game that he grew to love and the World Golfers Championship was one of his best concepts.

The event attracts 30 countries from around the World to attend a World Final which is a unique opportunity that only golf can offer due to the handicap system.

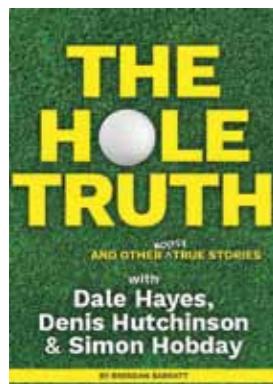

Each year that I have been privileged enough to attend the Flag Raising Ceremony, I'm always amazed and delighted by the pride of every golfer who has qualified to represent his or her country.

The World Golfers Championship is one of golf's great amateur events. It is very well organised and the golfers get treated like gold.

One of the many items in this year's goody bags was a new book written by Denis Hutchinson, Simon Hobday and myself. We truly hope that you will enjoy the book, as well as our golf courses and our country, South Africa.

Best Regards

**DALE HAYES**

Denis Hutchinson, Simon Hobday and Dale Hayes have played golf for close on 200 years combined. They have been professional golfers for 159 of those years. They played the Tours of the World at a time when the prize money was not large and having fun was just as important as winning tournaments.

Between the three of them they won over 60 professional tournaments on the European, Sunshine and Champions Tours.

The Hole Truth and Other Mostly True Stories is an easy read with short, often humorous stories that will put a smile on your face. The book was written to ensure that these unique stories stay alive in the game of golf.

Golf is unique in so many ways and so are the people. Funny, strange and unusual things happen every day on every golf course around the World and we are happy that we are able to share some of our best moments with fellow golf lovers.

## Be part of a Global Event

### The Championship and The Invitational

**World Amateur Golfers Championship and World Amateur Golfers Invitational** are two separate competitions played simultaneously by amateur golfers, giving them the opportunity to participate in a major world championship across 108 holes including practice days.

#### World Amateur Golfers Championship

For more than two decades the World Amateur Golfers Championship has inspired amateur golfers from around the world to take on the challenge within their own skill levels and receive the same status as the professionals, plus experience the proud feeling of representing their country in a world championship final, individually as well as in a team.

The Championship begins as a national elimination event in countries around the world, where winners from five handicap flights come together and represent their nation as a team and individually within their flights. If a flight winner cannot participate, the runner-up takes his/her place.

National teams from around the world challenge each other for the World Team Champion title, as well as the individual title within their flight.

#### World Amateur Golfers Invitational

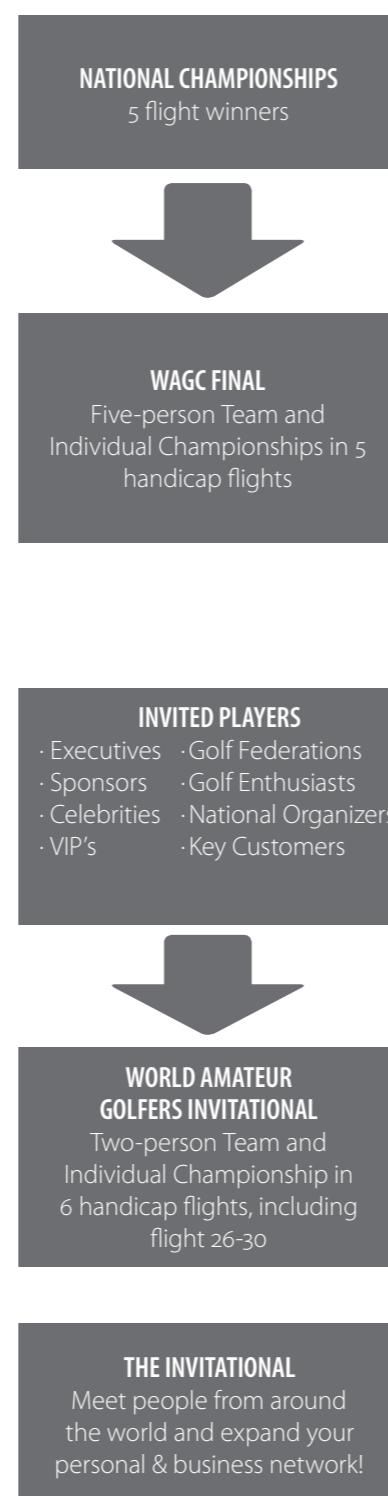

The World Amateur Golfers Invitational is a division of the World Amateur Golfers Championship that gives golfers the opportunity to share in the experience of a worldwide championship event, without having to qualify. The Invitational is a 2-person team competition played on the same courses as the Championship and under the same format and rules.

#### Business Networking Program

The Invitational caters to business executives, celebrities, VIP clients, sponsors, national organisers and golf enthusiasts. All participants are invited to take part in the Business Networking Program, where we pair our clients on the golf course based on their field of industry and pairing preferences, placing similar business interests in close proximity. Off the course, we offer even greater networking opportunities with our annual business networking evening, a casual meet-and-greet for our valued clients.

#### Invite a spouse, family member or friend

The Invitational is not only a great experience for golfers, it's an equal opportunity to share in the experience for non-golfers, including daily activities and optional custom packages, built to suit your every need.

The tournament is played over 72 holes (4 courses), stroke play, with handicap adjustments after each round, giving all a fair and equal opportunity to become a world champion, both in the team championship and individually within each flight.

#### Team and Individual

Players in both the Championship and the Invitational compete for individual titles within each flight, as well as a team title.

The Championship Team Competition combines the best four scores (of five) per day from the national team, whereas the Invitational counts the combined total nett score of both team members after handicap deductions.

#### Handicap Adjustment

To cope with the varying handicap rules from around the world handicap adjustments are made after each round. This balances the scores and gives a fair game under equal conditions.

The adjustment is based on the players score against par, see handicap adjustment chart.

#### Handicap Flights

The Championship is played in five handicap flights and the Invitational in six handicap flights, each played separately.

Handicap Flights					
0-5	6-10	11-15	16-20	21-25	26-30*
* This flight is only in the Invitational, not in the Championship.					
Players with Hcp 31 and over must enter with a Hcp 30.					
Exact flights are: 0-5.4, 5.5-10.4, 10.5-11.4, 11.5-15.4, etc.					

All WAGC players compete in the handicap flights they qualified for and most will play with their exact handicaps, with the following exceptions:

- Players entering the world final with higher handicaps than the flights they qualified into will play with the highest handicap for their flight.
- Players who enter the world final with lower handicaps than the flights into which they qualified will play with their current handicaps, even though they are lower than the flight.

#### Accredited Referees

World Amateur Golfers Championship and Invitational uses accredited referees from golf federations during the world final. This ensures that the tournament is played under strict rules according to the rules of golf.

#### Equitable Stroke Control

Equitable Stroke Control sets a maximum number of strokes that a player can post on any hole during the tournament to par. + 3 In other words: If you are four over par on a hole, you pick up the ball and write the maximum strokes as shown below:

##### Maximum Strokes:

Par 3 = 6 strokes

Par 4 = 7 strokes

Par 5 = 8 strokes

This saves both time and frustration!

Looking back over the past two decades, thousands of amateur golfers all over the world have shared Sven Tumba's dream to compete within their own skill level and feel the same thrill as the professionals do by qualifying and representing their countries in an international golf tournament.

To date, countries across 4 continents and more than 50 of the world's premier golf courses and resorts have proudly hosted the World Final, each making a valuable contribution towards building the prestige of this tournament.

Each year a wonderful bouquet of eastern and western cultures and golf legacies are experienced, which makes each event a unique and memorable golf experience.

World Amateur Golfers Championship is proudly hosted by the world's most sought after golfing destinations:

### Belek Antalya Turkey Europe

Belek is one of the fastest growing hot spots for golfers from all over the world. And the host Gloria Hotels & Resorts are a pioneer of this region concerning golf, sports, health and more. For more than 18 years the hotel group has been one of the most solid brands of Antalya – thanks to the first and by now largest golf course in Turkey with 45-holes, the first thalassic centre of the region and the newest project – the Gloria Sports Arena – the largest sporting facility in Turkey.

With its reputation for being the fastest growing Mediterranean golf destination in the world, host country Turkey delivered an exceptional experience that befitted a **21st World Final** celebration. Perfect climate conditions, championship courses and first-class hospitality made up all the ingredients of a truly memorable Turkish Mediterranean golf experience that most amateur golfers can only dream about.

Our three host courses were in impeccable condition, proof of why they are rated top of the bucket list of courses to play in Turkey. The Gloria Old tree-lined championship course offered a comfortable cocoon of peace with its abundance of natural foliage and huge lakes. In contrast, the Gloria New course provided a slightly more open design that favoured the big hitters. The third host course, LykiaLinks is the first and only links course in Turkey and rated in the Top 50 in Europe. The course, which is designed parallel to the sea and utilises the natural sand dune landscape, presented a more difficult, but unique and equally rewarding experience.

### Four Years in KwaZulu-Natal, South Africa

In 2011, golfers were introduced to the unique culture and hospitality of the province of KwaZulu-Natal in South Africa at the **17th World Amateur Golfers Championship**, hosted at the 5-star Fairmont Zimbali Country Club from 29 October to November 5. Golfers arrived to an airport reception that was fully branded with World Amateur Golfers Championship. "We truly felt that we had arrived at the World Finals," said Nils Nordh, Chairman of World Amateur Golfers Championship. Superb golfing was offered by the 4 championship host courses - Durban Country Club, Prince's Grant Golf Estate, Umhlanga Country Club, Zimbali Golf Course.

Southern Sun North Beach Hotel

The response to the event was unanimously positive, which boded well for the hosting of the **18th World Amateur Golfers Championship and Invitational** from October 22 - November 3, 2012. The winning formula of 2011 was repeated, with the only notable change being the course substitution of Cotswold Downs Golf Club for Zimbali Golf Club and 5-star luxury accommodation of the two Tsogo Sun hotels in the heart of Durban's Golden Mile.

Durban Country Club

In 2013, WGC and WGI teams returned to compete for top honors in the **19th World Amateur Golfers Championship and Invitational** from October 26 to November 2. In keeping with previous events, 2013 was yet another fantastic tournament, with many new countries competing for the first time.

### Four Years in KwaZulu-Natal South Africa

The **20th commemorative World Amateur Golfers Championship and Invitational** teed-off to a true golf celebration from 29 October to 8 November 2014.

A special extended 10-day anniversary programme included the hosting of a third tournament, the Sven Tumba Classic, in honour of Sven Tumba. For the first time in the history of the tournament, a share in a prize pot to the value of US\$30,000, according to SAGA amateur rules, was paid out across all three tournaments, plus a hole-in-one prize of a Mini Cooper added to the excitement and prestige of the commemorative year.

**Southern Sun Elangeni Hotel**

Once again the selection of KwaZulu-Natal's premier championship courses was paramount to ensuring that we provided a world-class golfing experience. Two new courses, Selborne Park Golf Club and Mount Edgecombe Country Club Course 1, opened their doors to the tournament for the first time. The Sven Tumba Classic teed-off at Prince's Grant Golf Estate, a firm favourite from previous years, and then moved to Beachwood Country Club, another a newcomer to the tournament.

We trust that every golfer who participated will think back on the World Finals hosted in KwaZulu-Natal with fond memories and a yearning to return to our beautiful province in the future.

The **16th World Amateur Golfers Championship & Invitational** was held from October 30 – November 6, 2010 in Hua Hin, Thailand.

Hua Hin is the oldest and most traditional Thai resort and is an internationally recognised golf destination. Boasting a 5-mile long beach and the highest density of world class golf courses anywhere in Thailand – it provided a true golf getaway for us. We stayed at the Holiday Inn Regent Beach Resort and played the Banyan, Black Mountain, Majestic Creek and Imperial Lake View championship golf courses.

The **15th World Amateur Golfers Championship & Invitational** was held in the European Capital of Sports, Marbella Spain from October 24 – 31, 2009.

Marbella, one of Costa del Sol's major tourist centres, is a paradise for golf lovers and the home of a dozen magnificent courses amidst the unusual backdrop of the sea and the mountains. We stayed at the luxurious Hotel Puente Romano and played at the Marbella Club Golf Resort, Rio Real, Santa Clara and Flamingos Golf Clubs.

## Past Events 2008 - 2007

### Mission Inn, Orlando, Florida & Kuala Lumpur, Malaysia

The **14th World Amateur Golfers Championship & Invitational** was played in sunny Orlando, Florida at the golfer's haven Mission Inn Resort & Club and Deer Island Country Club from November 22 – 29, 2008.

Mission Inn Resort & Club in the heart of central Florida is a golfer's paradise touched by history and blessed with natural beauty. We played El Campeón (The Champion), revered as one of Florida's finest, and Las Colinas (The Hills), which received Golf Digest's immediate recognition for "Best New Resort Course" when it opened in 1992. Just 45 minutes from Orlando, Deer Island offered a challenging championship design on a 400 acre island that boasted several signature holes with spectacular views.

The **13th World Amateur Golfers Championship & Invitational** was held October 27 – November 3 in the tropical golf paradise of Glenmarie Golf and Country Club, Templer Park Country Club and Tropicana Golf & Country Resort in Kuala Lumpur, Malaysia.

We enjoyed Malaysia's rich multiculturalism that has made the country a gastronomical paradise and home to hundreds of colourful festivals. The two 18-hole Glenmarie courses offered a contrasting style of landscapes, while the Tropicana and Templer Park courses provided breathtaking views of Malaysia along with their own set of challenges.

### Exotic Thailand / Dominican Republic

The **10th World Amateur Golfers Championship & Invitational** was celebrated November 7-14, 2004 at Royal Cliff Beach Resort.

Our Thailand experience was one of first-class golf and superb cuisine. We played four great courses in the Jomtien/Pattaya region of Thailand, which is one of the most diverse areas for playing golf. The Laem Chabang, Khao Kheow, Burapha and Phoenix courses left us with memories of exciting golf played out in the spectacular and serene surroundings of Thailand.

The **7th through to 9th World Amateur Golfers Championship & Invitational** were hosted by Casa de Campo in the Dominican Republic

We hosted the World Final here for three years, from 2001 to 2003. Casa de Campo, on the south eastern coast of the Dominican Republic, is a tropical paradise renowned for its world-class accommodation, tropical climate and deep blue Caribbean water – one of our favourites and a place you must experience! Casa de Campo boasts three world-renowned courses - Dye Fore, The Links and The Teeth of the Dog which each offer a truly unique golf experience.

## Past Events 2000 / 1998-1999

### Disney World / Miami to Palm Springs

The **6th World Amateur Golfers Championship & Invitational**, the millennium edition, took place in Orlando Florida, the "event capital" of the world at the Hyatt Grand Cypress. The tournament was played on the Grand Cypress New Course, Grand Cypress North/South Course, Disney's Magnolia's and Disney's Lake Buena Vista. Walt Disney World and Epcot Centre were some of the local attractions we enjoyed during the week with evening highlights such as the spectacular millennium firework celebrations of Disney lighting up the sky. International Networking & Business Opportunities was in the spotlight with participants speaking from their national perspective at our "After Golf Networking" programme.

## Past Events 1995 – 1997

### Three Years at PGA National Resort & Spa

The **1st through to the 3rd World Amateur Golfers Championship** were held at the magnificent, unique resort in West Palm Beach, Florida, the PGA National Resort and Spa.

All three tournaments were played at The Champ - rated in the top 10% difficult courses in America, The Palmer - designed by our very own Patron Arnold Palmer, The Haig – the PGA National's first course and The Squire – Tom and George Fazio's "thinking man's course".

At the inaugural World Amateur Golfers Championship Volvo celebrated its lengthy association with professional golf followed by open "round table" discussions about business in Russia. In 1996, the 2nd World Amateur Golfers Championship covered the importance of Sports in Business with a host of prominent sport icon speakers. At the 3rd World Amateur Golfers Championship, our motto 'Sport Promotes Friendship & Business' was in focus with the theme Interaction of Sport, Business & Diplomacy.

# Discover KWAZULU-NATAL

**KwaZulu-Natal,  
an Exceptional  
World of Golf  
and more**

KwaZulu-Natal offers brilliantly designed golf courses in beautiful settings and wonderfully astounding surroundings that leave visitors with an over-abundance of leisure activities to pursue at the end of a scheduled golf tour.

A province where you could climb a mountain for breakfast, go on safari at lunch, surf a wave for a light supper and close with a night on the town for dessert. This is a favoured destination for the discerning traveller, spanning two World Heritage Sites – the uKhahlamba Drakensberg Mountain Range inland and the iSimangaliso Wetland Park on the North Coast of KwaZulu-Natal – with an amazing coastline and beach shoreline stretching to the wondrous South Coast. When considering that all these places are less than two hours travel-time from the airport and CBD, you know that your golf downtime will always be exceptionally well-spent in the Zulu Kingdom.
